PROJECT SIX GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The Out-of-Home Care Management Division (OHCMD) conducted a review of Project Six Group Home in November 2011, at which time they had one 24-bed site and children placed through the Department of Mental Health (DMH) only.

Project Six is located in the Third Supervisorial District and provides services to Los Angeles County Department of Mental Health (DMH) youth and Los Angeles County Department of Children and Family Services' (DCFS) foster youth. According to Project Six's program statement, the stated goal is "decrease residents' maladaptive behaviors and improve their social, emotional and academic/occupational functioning." Project Six is licensed to serve a capacity of 24 male and female youth, ages 11 through 17.

For the purpose of this review, only four staff files were reviewed for compliance with Title 22 Regulations and County contract requirements, as there were no DCFS placed children, nor DCFS discharged children's files to review.

SCOPE OF REVIEW

The purpose of this review was to assess Project Six's compliance with the County contract and State regulations. The visit included a review of Project Six's program statement, administrative internal policies and procedures, and a random sampling of personnel files. A visit was made to the facility to inspect the physical plant and review staff files.

To Enrich Lives Through Effective and Caring Service

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

SUMMARY

At the time of the review, we noted a few personnel deficiencies. The Group Home needed to ensure their newly-hired staff members receive timely certification in CPR, First-Aid, and the Emergency Intervention Plan.

Project Six was receptive to implementing some systemic changes to improve their compliance with State regulations and the County contract. The Program Director stated she understood and agreed with the findings and would develop a Corrective Action Plan (CAP) to address the deficiencies.

NOTABLE FINDINGS

The following are the notable findings of our review:

- One of four reviewed staff members did not receive timely certification in CPR and First-Aid, in that they were not certified until four months after their hire date. Furthermore, another newly-hired staff member was not certified in the Emergency Intervention Plan until four months after their hire date. The Program Director agreed with the findings and stated that the deficiencies will be corrected.

A detailed report of our findings is attached.

EXIT CONFERENCE

The following are highlights from the Exit Conference held January 4, 2012:

In attendance:

Jessica Romeyn, Program Director, Project Six Group Home and Kristine Kropke Gay, Monitor, OHCMD, DCFS.

Highlights:

The Program Director was in agreement with our findings and recommendations.

Project Six provided an approved CAP addressing each recommendation noted in this compliance report. The approved CAP is attached.

We will assess for full implementation of recommendations during our next review.

PROJECT SIX GROUP HOME PROGRAM CONTRACT COMPLIANCE MONITORING REVIEW

**15339 Saticoy St.
Van Nuys, CA 91405
License Number: 197606825
Rate Classification Level: 12**

The following report is based on a "point in time" monitoring visit and addresses findings noted during the November 2011 monitoring review.

CONTRACTUAL COMPLIANCE

During our review, there were no DCFS placed children, and the DCFS discharged children's files were reviewed during the last monitoring review. There were only DMH placed children at the time of our review. We reviewed four personnel files, as well as documentation from the provider. Project Six complied with two of three applicable sections of our contract compliance review: Licensure/Contract Requirements and Facility and Environment. The seven other sections were not applicable, due to no DCFS placed children during the time of our monitoring review. The following report details the results of our review.

PERSONNEL RECORDS

Based on our review of four staff personnel files, and/or documentation from the provider, Project Six fully complied with 11 of 14 elements reviewed in the area of Personnel Records.

We found that one of four reviewed staff members did not receive timely certification in CPR and First-Aid, in that they were not certified until four months after their hire date. Furthermore, another newly-hired staff member was not certified in the Emergency Intervention Plan until four months after their hire date. The Program Director agreed with the findings and stated that the deficiencies would be corrected.

Recommendations:

Project Six's management shall ensure:

1. All staff members receive timely certification in CPR.
2. All staff members receive timely certification in First-Aid.
3. All staff members receive timely certification in the Emergency Intervention Plan.

FOLLOW-UP FROM THE 2010 MONITORING REVIEW

Objective

Determine the status of the recommendations reported in the OHCMD's last monitoring review.

Verification

We were unable to verify whether the outstanding recommendations from our last monitoring report were implemented, because there were no DCFS placed children at the time of our review. The last report was issued December 17, 2010.

Results

The OHCMD's prior monitoring review contained five outstanding recommendations. Specifically, Project Six Group Home was to comply with the following: develop comprehensive NSPs; ensure age-appropriate children participate in the development of NSPs; children are to be given the opportunity to participate in planning activities; children are to receive timely initial medical and dental examinations; and children are to be encouraged and assisted in creating and updating a life book/photo album. Based on no DCFS-placed children at the time of the monitoring review, all five recommendations could not be determined. Therefore, we were unable to verify if the CAP was implemented.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

A fiscal report of Project Six, dated November 3, 2011, revealed there was \$36,637 in unallowable and unsupported/inadequately supported expenditures. According to DCFS' Fiscal Monitoring Section, Project Six submitted an approved CAP and paid the money that was due.
